City Clerk and Clerk of the Council of the City of Oakland, California
This Agreement is between Henry II Developers (DEVELOPER), a California limited liability company (no. 200508310003), and the City of Oakland (CITY), a California municipal corporation.

RECITALS

The DEVELOPER is the owner in fee title and subdivider of a three undeveloped parcels, whose combined area totals one-fifth of an acre, that are located within the corporate limits of the City of Oakland and are identified by the Alameda County Assessor as parcel numbers 004-0101-022-00, 004-0101-023-00 and 004-0101-024-00 and by the CITY as 512, 514, 518, 520, and 524 Henry Street, who has presented a proposed Final Map, which is identified by the Alameda County Recorder as Tract No. 7727, to the Council of the City of Oakland that proposes a voluntary merger of three parcels and the re-subdivision of this platted land into ten (10) lots.

As a condition precedent to the approval by the Council of the City of Oakland of the proposed Final Map, the CITY requires the irrevocable dedication of public streets, paths, and other rights-of-way and of public easements shown on the proposed Final Map. In addition, the CITY requires construction of public infrastructure improvements within these on-site dedicated rights-of-way and easements and off-site on other CITY rights-of-way that customarily include grading, paving, striping and lettering, curbs, gutters and sidewalks, trees, landscaping and irrigation, retaining walls, storm drains and sanitary sewers, street name and public transportation signs, survey monuments, electricity, communication, water, and natural gas utility mains and branch piping and wiring, fire hydrants, street light electrifiers, traffic control and curb parking signs, signals and meters, and all appurtenances thereto.

The DEVELOPER has asked the CITY to accept the irrevocable dedication of the public rights-of-way and public easements shown on the proposed Final Map and the permanent maintenance of the required public infrastructure improvements shown on the construction plans accompanying permit number PX0600075 and included in Exhibit A, attached hereto.
Construction of the required public infrastructure improvements, however, has not commenced nor been accepted by the CITY. Consequently and in consideration of the approval of the proposed Final Map and acceptance of the irrevocable offers of dedication of public rights-of-way and public easements and acceptance of the permanent maintenance of the improvements, the parties desire to establish an Agreement binding the DEVELOPER to complete the required improvements within one year of the date that this Agreement has been recorded by the Alameda County Recorder. 

THEREFORE, it is agreed as follows:

1. **Approval of Final Map**

   Approval of the proposed Final Map for the subdivision of Tract No. 7727 by Resolution of the Council of the City of Oakland shall be conditioned upon recordation of this Agreement with the Alameda County Recorder, as well as DEVELOPER's satisfactory performance of its obligations specified in this Agreement, as determined by the CITY.

2. **Construction of Improvements**

4. **Completion of Improvements**

   A. All construction of public infrastructure improvements shall be completed by the DEVELOPER within one (1) year of the date of recordation of this Agreement, except those improvements for which

B. The City Administrator may extend the time for completion of the required public infrastructure improvements. Upon consultation with the City Engineer, the City Administrator shall be the sole and final judge as to whether or not good cause has been shown to entitle the DEVELOPER to an extension under this paragraph 4B.

C. An extension may be granted without notice to the DEVELOPER’s surety, and extensions so granted shall not relieve the surety’s liability on any of the bonds required by this Agreement.

D. In the event that an extension is granted, DEVELOPER agrees to promptly extend the term of all surety bonds securing its performance under this Agreement, and/or provide additional bonds or other surety acceptable to the CITY. All such bonds and/or other surety are subject to review and approval by the City Attorney for legal sufficiency, and if no bonds or other surety acceptable to the City Attorney are provided to secure DEVELOPER’s performance, the extension shall be void.

DEVELOPER further warrants that its design professionals are competent, that their analyses are adequate, and that their designs will meet or exceed the applicable CITY standards and performance criteria as specified in Exhibit A and set forth above in paragraph 3, Special Conditions.
If at any time before the expiration of the guarantee and warrantee period specified herein said designs prove to be inadequate in any respect, as determined by the City Engineer, the DEVELOPER shall make changes at its sole expense necessary to assure conformance with said standards and criteria.

9. Inspection of Construction

Inspection of the construction and equipment and materials, or approval of the construction and equipment and materials inspected, or statement by any officer, agent, or employee of the CITY indicating the construction and equipment and materials, or any part thereof, comply with the requirements and conditions of this Agreement, or acceptance of the whole or any part of the construction and materials, or payments thereof, or any combinations, or any combination, or all of these acts shall not relieve the DEVELOPER of its obligation to fulfill this Agreement as prescribed herein; nor shall the CITY be thereby estopped from bringing any action for damages arising from the failure of the DEVELOPER to comply with any of the requirements and conditions of this Agreement.
